

Chain Service Request

On receipt of your chain, our technician will carry out an inspection to confirm that it is of a serviceable quality. If acceptable, we will proceed with sharpening.

Once the service is complete, we will contact you for payment details and can advise on any other products that you may require. We will despatch your chain and any other purchases on a next day carrier service*. A signature will be required; however, delivery can be made to an alternative address for your convenience.

Serviceable Quality

If your chain is found to be beyond serviceable quality, we will contact you and discuss replacement options. Once agreed, we will take payment details and despatch your new chain and any other purchases on a next day carrier service*.

We will provide a health check report with your chain, advising of any evident issues of its condition and possible solutions to help you get the most from your chain and chainsaw.

Chains that are beyond serviceable quality can only be returned at your own cost if requested. This will incur a charge of £5.99 inclusive of P&P.

Please complete this form and send it together with your chain to the following address:

**World of Power
Dew pond Lane
Buxton
Derbyshire
SK17 7BJ**

Please note: To ensure the safe delivery of your chain we recommend that all chains are sent to us via Royal Mail Recorded Delivery.
